

Removable Functional

AOA can provide virtually all of today's popular functional appliance designs from the two arch designs to the single arch active plates. Our technical staff is trained to understand the important relationship of construction bites and model articulation in order to obtain the maximum potential benefits of **Functional Appliances**.

Expansion screws in many variations are available including Ni-Ti® spring enhanced screws for light continuous force.

AOA custom art acrylic designs are an essential part of patient cooperation. Just refer to our Acrylic Color Chart for ideas and choices.

Customer Technical Support is key for successful and consistent functional appliance service. AOA has specialists on hand to help your office with all appliance design issues. Please send us a wax bite and your prescription request based on your needs.
